# Getting to the M.V. Uchuck III is as easy as 1, 2 and 3...

**3**

As you approach Gold River you will see the Visitor Information Centre on your right.

**TURN LEFT** at that intersection and follow the road through the canyon for 13km to the municipal wharf. As you near the dock, you will see the old mill site on your right.

Look for parking along this stretch of road, and head to the office to check in with a staff member.

**NOTE:** There is no cell service once you leave Campbell River.

**2**

After travelling on Highway 28 for about 40 minutes, or the half-way point, you will make **ONE RIGHT HAND TURN**. **JUST BEFORE** this turn you will see a rest area with this large wood elk. The turn is just after the elk.

You will see a sign "Gold River, Tahsis—NEXT RIGHT"

★ **DO NOT MISS THIS TURN!** You will end up at Westminster Mine and you will miss your voyage.

At this intersection you will see On The Rocks Climbing Gym on your right. **TURN LEFT** and follow the signs to Gold River and head west on Hwy 28.

**CHECK YOUR FUEL!** The next gas station is 89 KM away in Gold River.

*Welcome Aboard!*
